## Basic information

Public administration purchasers may make an order change or order cancellation after placing an order from a framework agreement.

You can receive the purchase order change or cancellation by e-mail or directly via the supplier cockpit. In the Supplier Cockpit, you can view the cancellation or purchase order change and set a status. You also have the option of using the Supplier Cockpit to send information about the delivery and service provision to the purchaser.

## Requirements

- You must have a valid framework agreement with the public administration.
- To use the Supplier Cockpit, your company must have set up an account in the "Uniform Company Account".
- To use the Supplier Cockpit, you need an ELSTER organization certificate.

## Procedure

When orderers cancel an order:

- You receive an email generated by the Supplier Cockpit with the canceled purchase order or it is available in the Supplier Cockpit.
- You can view the (partial) cancellation directly in the Supplier Cockpit.
- You call up the Supplier Cockpit and log in with your user account.
- You call up the details of the canceled purchase order.
- You can send information about the delivery and service provision to the purchaser.

## **Legal bases**
