Basic information

You can submit tax returns in paper form at the central information and acceptance offices of the Bremen tax offices.

The central information and acceptance offices of the Bremen tax offices accept your documents and forward them to the responsible offices.

The colleagues at the central information and acceptance offices are also available to answer any questions you may have. Detailed tax advice is generally reserved for the tax consulting professions and may not be provided by the colleagues on site.

If you make an appointment at the central information and acceptance offices, please bring the documents relating to your tax return with you.

Please note that it is no longer necessary to submit receipts or separate statements. It is sufficient if you keep them for possible queries and submit them when requested by the tax office.

If your tax office requests the receipts from you, you can also simply submit them electronically in the ELSTER portal.

You can find this function in the ELSTER portal under Forms & Services > All forms > Applications, appeals and notifications > Submission of supporting documents for tax returns.

You will find the link to the ELSTER portal under "Further information".

For more information on submitting receipts, please refer to the leaflet "Handling receipts" under "Further information".

Requirements

You have finished processing your tax return.
