

Auszahlung des Zuschusses zur Kinderwunschbehandlung beantragen

Have you applied for a grant for infertility treatment and received the corresponding grant notification? Have you also already had the infertility treatment? Then you can now apply for payment of the grant.

Competent Department

• <u>Die Senatorin für Gesundheit, Frauen und Verbraucherschutz | Referat 22 - Ärztliche Fragen im Gesundheitswesen, Infektionsschutz, öffentlicher Gesundheitsdienst</u>

Basic information

If you have applied for the grant for fertility treatment and have received a corresponding grant notification, you can have the fertility treatment carried out within six months.

After the fertility treatment has been carried out, you can apply for payment of the grant for fertility treatment.

You can apply for payment of the fertility treatment grant via the online service or in paper form. If you meet all the requirements, you will receive a final grant notification.

The amount to be paid out will be transferred to the account you specified in the application one month after the final grant notification has been issued (after the notification has become final).

Requirements

The subsidy for fertility treatment can only be paid out if

- you have applied for the subsidy before the start of treatment
- you received the provisional grant notification before the start of treatment,
- you have had the fertility treatment carried out within six months of receiving the provisional grant notification,
- the fertility treatment was carried out in accordance with the treatment plan that you submitted when you applied for the grant.

What documents do I need?

- Copies of invoices from the reproduction facility and other health care providers, if applicable, for treatment costs
- Proof of benefits from the health insurance company, the subsidy office or other cost units related to the treatment costs

Procedure

You can apply for the payment of the fertility treatment subsidy through the online service or in paper form:

Online service

- The online service guides you through the application step by step.
- · You can submit the required documents digitally.
- The application is automatically cached for 4 days if you use the service account. Otherwise, no caching is currently available.
- To fill out and submit the online application, you either need a service account or you
 can authenticate with the new ID card and the AusweisApp2. If you do not yet have a
 service account, you can register for one. You can do this during the online application
 process.
- The application must be signed either digitally via AusweisApp2 with the new ID card or on paper via the mantel sheet.
- If you meet all the requirements, you will receive a final notification of funding.

Paper form

- You can find the application for printing here in the service portal under "Forms" or on site at the responsible office in paper form.
- · Complete the application.
- Attach a copy of the required documents to the application.
- Send everything by mail to the competent office or hand in the documents on site.
- If you meet all the requirements, you will receive a final notice of grant.

After you receive the final grant decision, the grant for infertility treatment will be paid to you.

Legal bases

- Richtlinie zur Förderung assistierter Reproduktion
- § 27a Fünftes Sozialgesetzbuch (SGB V)
- Richtlinie des Bundesministeriums für Familie, Senioren, Frauen und Jugend über die Gewährung von Zuwendungen zur Förderung von Maßnahmen der assistierten Reproduktion

More information

The measure is funded proportionately by the federal government and the respective state.

The federal government only supports heterosexual married and unmarried couples.

The regulations of the individual federal states may differ from this.

If there are not enough federal funds available, you will only receive the share of the state to which you have applied for the subsidy.

What deadlines must be paid attention to?

Payment of the subsidy for fertility treatment can only be requested after the fertility treatment has been carried out.
