

Education promotion Disclose change of personal data

If you receive BAföG, you must notify the BVA of certain changes to your person.

Competent Department

- [Bundesverwaltungsamt \(BVA\), BF I - Ausbildungsdarlehen](#)

Basic information

You can apply for and receive the BAföG from your local education funding office. However, the Federal Office of Administration (BVA) is responsible for repayment of the BAföG loan portion after graduation.

For this purpose, the offices for educational grants transmit your data only once to the BVA. There, an electronic file is created and your loan account is set up.

You must notify the BVA of any changes to your name or address yourself. This can be done in writing or digitally via BAföG-Online via "change notification".

If you fail to do so, you will have to pay a lump sum of 25 euros for the expense of determining your address.

If you register by e-mail, a change form is available; if you register by eID, you can immediately update the data currently stored in the BVA yourself.

You can submit any applications and other notifications online and upload documents during the entire repayment procedure for both registration options.

Registration with an ID card offers you additional services such as daily updated account and file access. You can find the full scope of services for registration with ID card and eID on the BVA homepage.
