

Stamping or re-stamping of vehicle registration plates

Because of the current situation, please refer to the [Information on the Citizens' Bureau home page](#).

If the licence plates have become damaged or illegible, or if a sticker (stamp sticker or inspection sticker) has become detached from the licence plate, you must ensure that a new sticker or several new stickers are affixed to the existing licence plates or to new licence plates.

Competent Department

- [BürgerServiceCenter-Nord](#)
- [Bürgeramt](#)

Basic information

The license plates are provided with adhesive plaques by the registration authorities.

Requirements

There shall be no arrears of fees and expenses from previous admission procedures.

What documents do I need?

- Registration certificate part I or vehicle registration document
- License plates

for registered vehicles

- valid test report on a general inspection
e.g. TÜV, DEKRA, GTÜ, KÜS, GTS, FSP

- external licence plates

in the case of registered vehicles which are not registered in Bremen or Bremerhaven at the time of their registration there

Procedure

An informal application must be submitted to the licensing authority. A representative without a special power of attorney can also be appointed.

Note:

In order to save time, it is advisable to drive up to the registration office, remove the damaged or incomplete licence plate and present it.

Tip:

Any new licence plates required can be produced in advance. For this purpose, private providers have settled near the registration authorities. The costs for the license plates are not included in the fees.

Legal bases
