Basic information

If your child will not turn 6 in the year of school enrollment for school-age children until after June 30, and if you can imagine early school enrollment based on your child's stage of development, then you can apply for this at the relevant elementary school.

The pedagogical staff of the daycare center and the school administration of the elementary school can advise you on the appropriate enrollment date for your child.

Requirements

Children who turn 6 years old during the period from July 1 to September 30 of any year may apply to be enrolled in school. The parent or guardian must submit this application within the registration period. A school doctor's recommendation is used to determine whether this is good for the child. It may be decided that the child will be deferred for another 1 year.

Children who turn 6 in the period from October 1 of one year to January 31 of the following year can also apply to become school-age. A school doctor's report is used to determine whether this is good for the child. It is checked whether the child will not be overtaxed in terms of his or her linguistic, cognitive and social abilities by the lessons and the rest of school life.

Procedure

The legal guardians do not receive an enrollment notification from the authority. They must register the child at the relevant elementary school during the registration period.

The school management decides on the admission, in particular on the basis of the school medical report. If necessary, the school can request a statement from the daycare center via the parents.

What deadlines must be paid attention to?

Applications can be submitted within the application deadline. The exact application deadlines are communicated each year with the enrollment notification. They are usually after the fall vacations.

For the 2024/2025 school year, the application deadline is Nov. 17, 2023.

Children who turn 6 between Oct. 1 of one year and Jan. 31 of the following year:
There are no deadlines for these children as no notification was sent to parents with deadlines.
