Basic information

The disposal, i.e. the recovery or the disposal including the collection and transport of hazardous waste, is subject to a waste law verification procedure. Waste producers as well as owners, transporters, collectors and disposers of hazardous waste are obliged to do so. Private households and small quantity producers who do not generate more than two tons of hazardous waste per year are exempt.

You are subject to the obligation to provide evidence of hazardous waste and your point of generation produces less than 20 tons per year and waste type? You can organize the disposal via a collective proof of a carrier and as a producer you do not need to participate in the electronic proof of disposal procedure, because in this case the electronic procedure is managed by the carrier who has had the collective proof of disposal approved.

Requirements

For the producer:

Producer number, if more than 2 tons of hazardous waste are generated (for entry in the transfer bill)

For the collector:

Access to the electronic verification procedure via a mailbox directly at the Central Coordination Office (ZKS) or via a provider.

An electronic signature card is required for the necessary electronic signature of the verification documents. This signature card is available from various providers.

What documents do I need?

- Prescribed forms of the Verification Ordinance
 - including suitable declaration analysis

Procedure

- Preparation of the responsible declaration (DEN, VE, DA) by the collector/conveyor,
- Supplementing the declaration of proof with the waste collector's declaration of acceptance (DA),
- Submission of the electronic verification to the disposal authority,
- Confirmation of receipt with additional request from the waste disposal authority in the event of incomplete or incorrect documents or confirmation from the waste disposal authority in the event of complete and correct documents.
- Keeping of consignment bills (electronic) for each collection tour by the collector and handover of the transfer bill to the producer (paper, later electronic recording by the collector).
