

Help and advice on abortion

Are you pregnant and would like to get counselling because you are not sure whether you want to have the child? Or do you already know that you want to have an abortion?

Competent Department

- [Bremische Zentralstelle für die Verwirklichung der Gleichberechtigung der Frau \(ZGF\)](#)

Basic information

Abortions are interventions (induced miscarriages) performed by doctors with the aim of terminating the pregnancy prematurely

Requirements

Pregnant women who are unsure whether they want to keep the child.

Procedure

The above-mentioned advice centres will offer or arrange help for you.

These facilities have state recognition under the Bremen pregnancy counselling law. To have an abortion, you need a certificate.

The institutions mentioned above are entitled to issue this certificate.

Legal bases

- [§ 218a Strafgesetzbuch \(StGB\)](#)
