

Barrier-free gynaecological practice

You are in a wheelchair and do not know where you can have a gynaecological examination?

Have you had bad experiences as a physically handicapped woman during visits to the doctor?

Competent Department

- [Barrierefreie gynäkologische Praxis
c/o Frauenklinik im Klinikum Bremen-Mitte](#)

Basic information

The barrier-free gynaecological practice has been set up especially for women with limited mobility - centrally located and easily accessible in the Klinikum Bremen-Mitte.

You will receive all the services of a gynaecological practice - from early cancer detection to pregnancy care.

Requirements

Women with limited mobility (e.g. wheelchair users)
