

Inspecting a nationwide spatial development plan

You have the right to inspect a nationwide spatial development plan.

Competent Department

- [Die Senatorin für Bau, Mobilität und Stadtentwicklung](#)

Basic information

In a state-wide spatial development plan, you will find general specifications for the organization of the space, i.e. the areas of a federal state. It is therefore the orientation framework for more precise planning for the use of individual regions and areas.

New or amended state-wide spatial development plans can be viewed online. If the responsible state authority does not make the desired state-wide spatial development plan available on the Internet, you have the right to view it at the state authority.

The state-wide spatial development plan generally consists of:

- Indication of the legal basis on which the spatial development plan is based,
- the definition of objectives and principles of spatial planning and
- justification and explanations of the objectives and principles of spatial planning.

Requirements

None.

What documents do I need?

- You do not need to submit any additional documents.

Procedure

- You can view the contents and additional documents of state-wide spatial development plans online or on site at the responsible authority.
- If you would like to view a state-wide spatial development plan on site, you will generally need to make an appointment with the competent authority.
