

Crossing matters

Do you need a permit from the road construction authority to use a road area, such as footpaths and cycle paths or green spaces with a vehicle on a crossing? You can apply for this permit at the Office for Roads and Traffic.

Competent Department

- [ASV - Amt für Straßen und Verkehr](#)

Basic information

According to § 17 BremLStrG (Bremisches Landesstraßengesetz), road areas which are not intended to accommodate general motor vehicle traffic, such as footpaths and cycle paths or green areas, may only be used by vehicles on a crossing with the permission of the road construction authority.

Requirements

Eligible to apply is the owner, the person entitled to heritable building rights or usufructuary of a plot of land bordering the road. If the property does not border the road and is connected exclusively to the road by a drivable, public-legally secured access via a neighbouring property, the owner, the hereditary building right holder or usufructuary of the property situated to the rear is also entitled to file an application.

What documents do I need?

- Identity card, passport

Procedure

It is requested to use the online service for the application for permission and construction of a crossing and to submit it together with the required site plan from GeoInformation Bremen approximately 2 months before the intended use. Further information is available on the ASV homepage:

www.asv.bremen.de - Aufgaben - Straßenerhaltung - Überfahrtsangelenheiten

More information

It is pointed out that separate permits, approvals or permits are required for driving over installations which are not subject to the BremLStrG, such as third-party properties, railway tracks, watercourses, flood protection installations and the like.

What deadlines must be paid attention to?

2 months before the intended use

What are the costs?

currently 200 plus overhead surcharge of 10% on the production costs
