

Report Missing Election Notification

Election day is approaching and you haven't received your election notification yet? The election office will help you.

Competent Department

- [Statistisches Landesamt Bremen - Wahlen](#)

Basic information

If you have not yet received notification of your vote on the 21st day before an election (European Parliament, Bundestag, Citizenship), please contact the relevant electoral office immediately. If you are on the electoral roll, the electoral office can tell you your polling station for elections of the Bremische Bürgerschaft. You do not need the election notification for the election itself, each electoral board has a voter register of the electoral district. You should, however, have an identity card or passport ready for the identity check.
