

Application for a permit and establishment of a crossing

Competent Department

- [ASV - Amt für Straßen und Verkehr](#)

Basic information

Here you can apply to drive over footpaths, cycle paths or green spaces with vehicles, e.g. as part of a property entrance.

Requirements

The owner, heritable building owner or usufructuary of a property bordering the road is entitled to apply. If the property does not border the road and is connected to it exclusively by a drivable access secured by public law via an adjoining property, the owner, heritable building owner or usufructuary of the rear property is also entitled to submit an application.

For details on the requirements, please refer to the online service (see right-hand column).

Procedure

The crossing is constructed and maintained by the party responsible for road construction. The costs of construction, including an administrative fee and an overhead surcharge of 10% of the construction costs, shall be borne by the permit holder. The applicant has the option of naming a recognized road construction company that can carry out the work in compliance with the conditions imposed by the Office for Roads and Traffic.

For details of the procedure, please refer to the online service (see right-hand column).
