Basic information

If it is not possible for the vehicle to be clearly assigned by the registration authority, an expert opinion from a testing organization or a manufacturer's certificate must be submitted as suitable proof.

Externally chargeable hybrid vehicles may have carbon dioxide emissions of no more than 50g/km and must have a minimum range with purely electric drive of 30 km (from 01.01.2018 40 km).

Since 01.10.2017, the E license plate can also be assigned as a seasonal license plate.

What documents do I need?

- For vehicles already registered:
 - Registration Certificate Part I
 - Registration Certificate Part II
 - EC Certificate of Conformity (CoC)
 - License plates
- in case of representation with written power of attorney
 - additionally: identity card or passport of the authorised representative
- if registered to companies

additionally:

- Current and valid business registration and, if available, current and valid excerpt from the commercial register (also as a copy)
- Power of attorney, if the person authorized to dispose does not personally submit the application on site
- Vehicle is to be registered with E-plates or transferred to Bremen:
 - EC certificate of conformity (COC)

Please refer to the corresponding service descriptions for the further documents required for admission or transfer.

- Valid identity card, passport or electronic residence permit (eAT) as well as the original national passport of the vehicle owner applying for the permit

Procedure

An application for registration must be submitted to the registration authority. The application can also be submitted by a representative (e.g. car dealer) with a written power of attorney.

To avoid longer waiting times, appointments can be made:

-> for Bremen-Mitte: by telephone at (0421) 361-88671

-> for Bremen-Nord: by telephone at (0421) 361-88644.

Customers without an appointment are served in parallel, with priority given to appointment customers. Commercial registration requests will continue to be accepted without an appointment.

Tip:

License plates can be made during the registration process. Private vendors have located near the registration offices to do this. The cost of the plates is not included in the fees. The license plates are stamped by the registration authority, i.e. they are provided with stickers for the general inspection and the registration district. Legal basis.
