Basic information

A designated pedestrian zone is reserved exclusively for pedestrians. Exceptions (e.g. time limits) must be expressly indicated by signage.

Requirements

Anyone riding a bicycle in a designated pedestrian zone is committing an administrative offense. Anyone who dismounts and pushes the bicycle is allowed to cross the pedestrian zone by bicycle.

Procedure

The public order service stops cyclists riding through public pedestrian zones and informs them that cycling is not permitted there. In addition, the public order service is entitled to issue warnings free of charge or for a fee, report the offense and take measures to avert general danger.

The public order service can levy a warning fine in cash directly on site or report an offense. In this case, you will receive a letter from the fines office.
