

pedestrian cycling

Competent Department

- [Ordnungsamt | Referat 31 und 32 - Allgemeiner Ordnungsdienst](#)

Basic information

A designated pedestrian zone is reserved exclusively for pedestrians. Exceptions (e.g. time limits) must be expressly indicated by a signposting.

Requirements

Anyone who cycles in a designated pedestrian zone is committing an administrative offence. Whoever dismounts and pushes the bicycle is allowed to cross the pedestrian zone by bicycle.

Procedure

The public order service stops cyclists passing through public pedestrian zones and informs them that cycling is not permitted there. In addition, the public order service is entitled to issue warnings free of charge or for a fee, to report the offence and to take measures for general danger prevention.

The public order service can raise a warning fee in cash directly on the spot or report an administrative offence. In this case you will receive mail from the fine office.
