## Competent Department

- [Ordnungsamt | Referat 31 und 32 - Allgemeiner Ordnungsdienst](#)

## Basic information

The security service patrols the streets and grounds around events and ensures safety and order. It intervenes in the case of tobacco and alcohol consumption by children and young people, punishes urinating in public and a large number of violations of the law and regulations surrounding events. The security service can also take measures to avert danger.

In principle, the respective organiser is responsible for compliance with the regulations on the event site.

## Requirements

You can find out which administrative offences relating to an event are punished by the employees of the public order service, for example, under Youth Protection.

## Procedure

The employees of the public order service instruct, issue warnings free of charge or for a fee, report administrative offences and take measures for general prevention of danger.

The public order service can levy a cash fine directly on site or report an administrative offence. In this case you will receive mail from the fine office.
